

PROFESSIONAL SUMMARY

A Junior Data Analyst with hands-on experience in data cleaning, exploratory data analysis (EDA), dashboard development, and business intelligence reporting. Proficient in SQL, Python, Excel (VLOOKUP, INDEX-MATCH, Pivot Tables), and Microsoft Power BI with DAX. Built end-to-end analytics projects on real-world datasets, delivering actionable insights and interactive visualizations. Eager to contribute data-driven decision-making skills to a fast-paced analytics team.

TECHNICAL SKILLS

Data Analysis & BI: Exploratory Data Analysis (EDA), Data Cleaning, Data Visualization, KPI Reporting, Dashboard Development, Statistical Analysis, Business Intelligence (BI)

Tools & Platforms: Microsoft Power BI, Microsoft Excel, MySQL

Programming Languages: SQL, Python

Excel Skills: VLOOKUP, HLOOKUP, INDEX-MATCH, XLOOKUP, SUMIFS, COUNTIFS, IF/IFS, Pivot Tables, Power Query, Conditional Formatting, Data Validation, Charts

Soft Skills: Data Storytelling, Attention to Detail, Problem Solving, Strategic Thinking, Cross-functional Collaboration

PROJECTS

Olist E-commerce Sales Analysis | MySQL, Excel, Power BI, DAX

May 2026 – present

GitHub: <https://github.com/Anshukun888/olist-ecommerce-analysis>

- Collected Brazilian e-commerce dataset (Olist) from Kaggle covering ~100K+ orders, including customers, orders, products, payments, and seller data
- Cleaned and pre-processed raw data in Excel using Power Query; handled missing values, removed duplicates, and structured datasets for relational modeling
- Loaded cleaned datasets into MySQL and designed relational schema; executed SQL queries to analyze revenue trends, customer behavior, delivery performance, and product category insights
- Connected MySQL database to Power BI to build interactive dashboards with dynamic filtering across customers, time periods, and product categories

BMW Global Automotive Sales Analysis | Power BI, Excel, DAX

Feb 2026 – Mar 2026

GitHub: github.com/Anshukun888/bmw-sales-analysis

- Analyzed 3,000+ rows of BMW global sales data (2018–2025) covering regional deliveries, model performance, EV adoption rates, and macroeconomic indicators
- Cleaned and transformed raw data using Excel Power Query; built structured analytical tables across 6 sheets using VLOOKUP and INDEX-MATCH
- Developed DAX measures for KPIs including YoY sales growth, BEV market share, and top region/model rankings
- Built a 2-page interactive Power BI dashboard (4 KPIs, 8 charts, model cards) with drill-through filters and slicers for regional, model, and year-level exploration
- Identified fuel price index as a key driver of BEV adoption; delivered strategic recommendations targeting 3 underperforming markets with 20%+ growth potential

EDUCATION

Bachelor of Information Management (BIM)

2023 – Present

Hetauda School of Management & Social Science – Hetauda, Nepal

- Relevant coursework: Database Management Systems, Business Statistics, Information Systems, Data Communication, Management Information Systems, Programming Fundamentals, Management & Business Principles

Higher Secondary Education (+2) – Management

2021 – 2023

Hetauda School of Management & Social Science – Hetauda, Nepal

RELEVANT EXPERIENCE

Student Support Officer | Maven Consulting Group Hetauda Branch

Nov 2023 – Feb 2024

- Managed and maintained student data records in Excel, ensuring accurate organization, updates, and documentation tracking
- Handled email communication for student applications, coordinating responses between internal team members
- Collaborated with team members to support application processing and resolve documentation or status-related issues
- Supported branch-level operations by organizing and tracking student application workflows in structured folders and spreadsheets

CERTIFICATIONS & LEARNING

- Harvard CS50 Python Certificate -2026
